if you want to bring an end to this fools unfortified Paradise I suggest that you blind guide and rip us we pay Englands war debt just once more. Get this straight England is not winning this war. as to dog like it or not England is not winning England is losing and if you weaken this fools countrys defence by giving it to England its the Rocks at High tide what this load of lunatics. Get this straight we are not paying Englands war debt just once more. England are losing at the head of this all fools lunatic us to loose. With England unless you can start to seeing and gaining things for our national Defence at once its the Rocks for all fools country - Quote you dont seem to be able to get your national Defence Plan. The word is get doing things Quote Do a way with this Hillers Idea & mess

Do a way with that crazy man's idea
of civil service in all ship yards with 3
Eight Hour shifts 7 days a week. This
old gum skunk that we used to call our
uncle Sam had better come out of his
stupor yet this old Rip started doing
things - Keep our business of Home as
soon as England leaves we will need them
to bring on the Over dew Revolution
Heave in this all fools country just
suggest that we pay England's war
Debt just once more. don't be Kided
Labor is paid nothing Heave and these
men are not so Overheated a Bant any
country 36000 Engineers in N.Y.C. working
far less than a ring rings existence
don't let England and Her bunch Heave
make a sop out of you like she did
Wilson. at least Will did have
judgement enough to hire the men at
the got after they satisfied the Blind
Guards that they was American Citizens
and could do the work - for get all
Left Peddle this line of Harsh Reddish
Knownen as civil service in ship yards

Yours truly

RE: JOHN ROGERS
MRS. FRANCES PERKINS
(MISS FRANCES PERKINS)
VICTIM, EXTORTION

Dear Sir:

Reference is made to the following listed specimens which were submitted to the Bureau for latent fingerprint examination in connection with the above-entitled case:

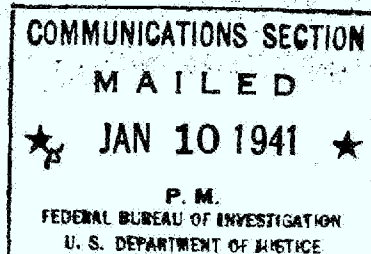

- Q 1 Envelope postmarked "New York, N. Y. Dec 5, 1940 10:30 AM"
- Q 2 First sheet of accompanying letter dated December 5, 1940, beginning "as ...you are you should..."
- Q 3 Second sheet of above letter beginning "Your own Lousay Ride..."

You are advised that the specimens submitted have been examined and two latent fingerprints of value for comparison purposes were developed. Of these, one was developed on the specimen designated as "Q 2" and one on specimen "Q 3".

Very truly yours,

John Edgar Hoover

Examination requested by: Bureau (Answered to New York)

Reference: letter of 12-23-40

Examination requested: Document - Fingerprint

b7C Specimens: [REDACTED]

- Q1, Envelope postmarked "New York, New York, December 5, 1940, 10:30 A. M."
Q2, First sheet of accompanying letter dated December 5, 1940 beginning "as you are you should...".
Q3, Second sheet of above letter beginning "Your own Lousey Hide...".

The evidence listed above was transmitted to the laboratory from the Investigative Division under date of December 23, 1940.

Specimen Q1 is a white bond finish envelope measuring 9.50 to 9.53 by 4.14 to 4.18". It is .0043" thick, weighs 5.432 grams, and contains no watermark. The address appearing on Q1 is written in script with blue-black ink.

Specimen Q2 is a sheet of white bond finish paper which measures 10.91 to 10.95" by 8.47". This specimen contains no watermark, is .0027" thick, and weighs 3.319 grams. The message appearing on Q2 is written in script with a blue-black ink.

Page Two

Specimen Q3 is a sheet of white bond finish paper which measures 10.94 to 10.95 by 8.48". It is .0027" thick, weighs 3.533 grams and contains no watermark. The message appearing on Q3 is written in script with blue-black ink.

The handwriting appearing on specimens Q1 through Q3 was compared with the handwriting appearing in the anonymous letter file contained in the laboratory but the examiner found nothing of particular interest or of such significance as would suggest field investigation. A photographic copy will be placed in this file and in the event of a future identification your office will be advised.

Specimens Q1 through Q3 were treated for the development of latent fingerprints and a report on this examination will be submitted separately.

Photographic copies of specimens Q1 through Q3 are being transmitted to your office herewith.

The original evidence is being retained in the files of the laboratory.
